

FORMULATION BARRIERS TO USE OF INSECT PROTEIN

(1=insignificant barrier, 10 = great barrier)

Those who had tried cricket protein

Those who had not tried cricket protein

Food technologists at Global Food Forums, Inc.'s 2015 Protein Trends & Technologies Seminar were asked "As someone who selects which ingredients to use in a formula, how great a barrier would each of the following factors be to using such an ingredient in food/beverage applications?"
